### **DESCRIZIONE**

Biocantina Giannattasio is one of the most innovative reality of Puglia despite maintaining a rigid and constant tradition of production. Since 2012, with the aim of enhancing the native vines of Puglia with a marked sensitivity towards the organic farming regime, it has chosen the production site where it produces red wines with a strong territorial connotation. Through innovative oenological procedures aimed at enhancing this vine and its strong identity. Collected in small boxes, crushing-stemming and fermentation in stainless steel at a controlled temperature, with the sole fermentation of yeasts. Maceration on the skins for 3 days at the end of the alcoholic fermentation. The same will be left to be kept in steel tanks at regularly controlled temperatures for a period of 4 months.

### **TASTING NOTES**

Intense ruby red color with purple hues tending to garnet. Extremely complex, notes of ripe fruit, chocolate with balsamic and vanilla notes. Noble wine with well-polished tannins, full and sapid body. Clean, structured and with a unique and complex personality. Excellent both the minerality and the development of tertiary hints. Final well-balanced sour note.

**POTENTIAL PRESERVATION IN THE CELLAR:** 10/15 years

**FOOD COMBINATION:** First courses of meat, meat with structured and complex cooking, cheeses, vegetables

**SERVICE TEMPERATURE:** 16/18°
